PLEASE DESCRIBE ANY ADDITIONAL QUESTIONS OR CONCERNS YOU MAY HAVE

PLEASE NOTE: All birds are required to be transported in a pet carrier, bird cage, or other suitable enclosure. Unconfined birds are at risk of escape and injury. The waiting area is often occupied by large dogs that can be bird-aggressive. If your bird is not confined, you will immediately be directed into an exam room for the protection of your bird. We may decide to terminate non-emergency services for repeated inobservance of our policy. Thanks for your understanding. Please see a staff member with any questions or concerns.
